IT5011 Italian Literary and Cultural Contexts: Italians (40)				
SCOTCAT Credits:	40	SCQF Level 11	Semester	1
Academic year:	2018/9			
Planned timetable:	To be arranged.			
A young country with a long history, the problem of defining what it means to be Italian predates the formation of the nation state and remains unresolved in the 21st century. This module investigates diverse notions of identity through a variety of cultural production in Italian from the 13th century to the present day. Definitions of Italy and Italians have been largely constructed and located in its literature and culture, so the close study of texts, visual culture, and film is fundamental for understanding both the contemporary and historical reality of Italy. Issues explored in the module will be tailored to fit individual student interests and may include: gender, sexuality, race, language, borders, and regional identities.
