## N O T E

The University will use all reasonable endeavours to deliver courses in accordance with the descriptions set out in this Course Catalogue. The University does not, however, provide education to UK undergraduates on a commercial basis. It is also very largely dependent upon public and charitable funds, which the University has to manage in a way which is efficient and cost-effective, in the context of the provision of a diverse range of courses to a large number of students. The University therefore:

- (a) reserves the right to vary the contents or methods of delivery of courses, to discontinue courses and to merge or combine courses, if such action is reasonably considered to be necessary by the University in the context of its wider purposes. If the University discontinues any course it will endeavour to provide a suitable alternative course.
- (b) cannot accept responsibility for the non-availability of services, teaching and/or examinations for reasons outwith its control.

St Andrews is an ECTS and SCOTCATS University.

Except in the case of certain language skills modules, the language of instruction and assessment is English.
