Call for Papers

Workshop on Time-Varying Uncertainty in Macro

Saturday 2nd September - Sunday 3rd September 2017

hosted by the School of Economics & Finance, University of St Andrews

Submission deadline – Friday 9th June 2017, 6pm (UK time)

Keynote speakers

Prof Wouter den Haan (LSE)

Prof Fabio Canova (Norwegian Business School)

We welcome all submissions of both a theoretical and empirical nature that fit broadly within the theme of “uncertainty in macro”

How to submit

Email Ines Ewan at ije2@st-andrews.ac.uk with a complete paper
Please also indicate whether you require any funding support

Authors of successful submissions will be notified by Friday 16th June

Some funding is available for travel and/or accommodation expenses for participants presenting papers or acting as discussants and will be awarded on a discretionary basis.

Organizing committee: Oliver de Groot (University of St Andrews) and
Katerina Petrova (University of St Andrews)

This workshop has been supported by generous grants and support from the Royal Economic Society, the University of St Andrews, and the CDMA.
